

## Resolve transgenerational traumas

free your own pain body - accept and enjoy life (again)

Online seminar with Wim van Betuw on November 26th, 2023

What is it all about?

We are living in an intense time in which the emotional veil is becoming increasingly permeable. We are feeling our traumatic wounds more clearly than ever before - those inflicted on us in the past, but also those we have inherited from those who came before us, those we carry for our ancestors, often without even suspecting it. As much as we feel these wounds today, the time is ripe to release them.

More clearly than before, more powerfully, even more uncompromisingly than before. Because the time is NOW to activate our full potential, which has been dormant within us for so long, and to finally live ourselves, our joy, our love, our success, our laughter.

We all have a right to this. We all also have a right to interrupt the bad energy flow and to give ourselves and our children, grandchildren and great-grandchildren the greatest possible gift: Freedom.

Venue: At your home; admission from 10:00 a.m., through Zoom / European Time 04.00 PM
